

ACC COVID-19 Updates

Your safety is our priority and we'll be ensuring you and your family feel comfortable and safe while attending one of our ACC Gatherings.

We acknowledge that not everyone is ready to attend in-person yet and that is why we have created an online gathering experience that allows you to still be a part of ACC.

We ask that every individual practices **social distancing** while in the lobby or common areas.

We are asking guests to **wear masks** as they enter our buildings and make their way to their seats. We are closely watching local, state, and federal guidelines to ensure all recommended safety precautions are implemented to ensure your safety.

We will conduct regular cleanings throughout Sunday's to ensure **proper sanitation**.

If you are unable to attend one of our in-person Sunday gatherings at 323 Airport Rd. and would like to attend a smaller gathering, please join us every **Thursday at 11:15 AM for our online recording**. This is a great option if you are older or high risk.

Additionally, hand sanitizer stations will be located throughout ACC.
